FATBATS —

**UNIVERSAL
SMOOTH
COMBINABLE**

**BRAND
NEW**

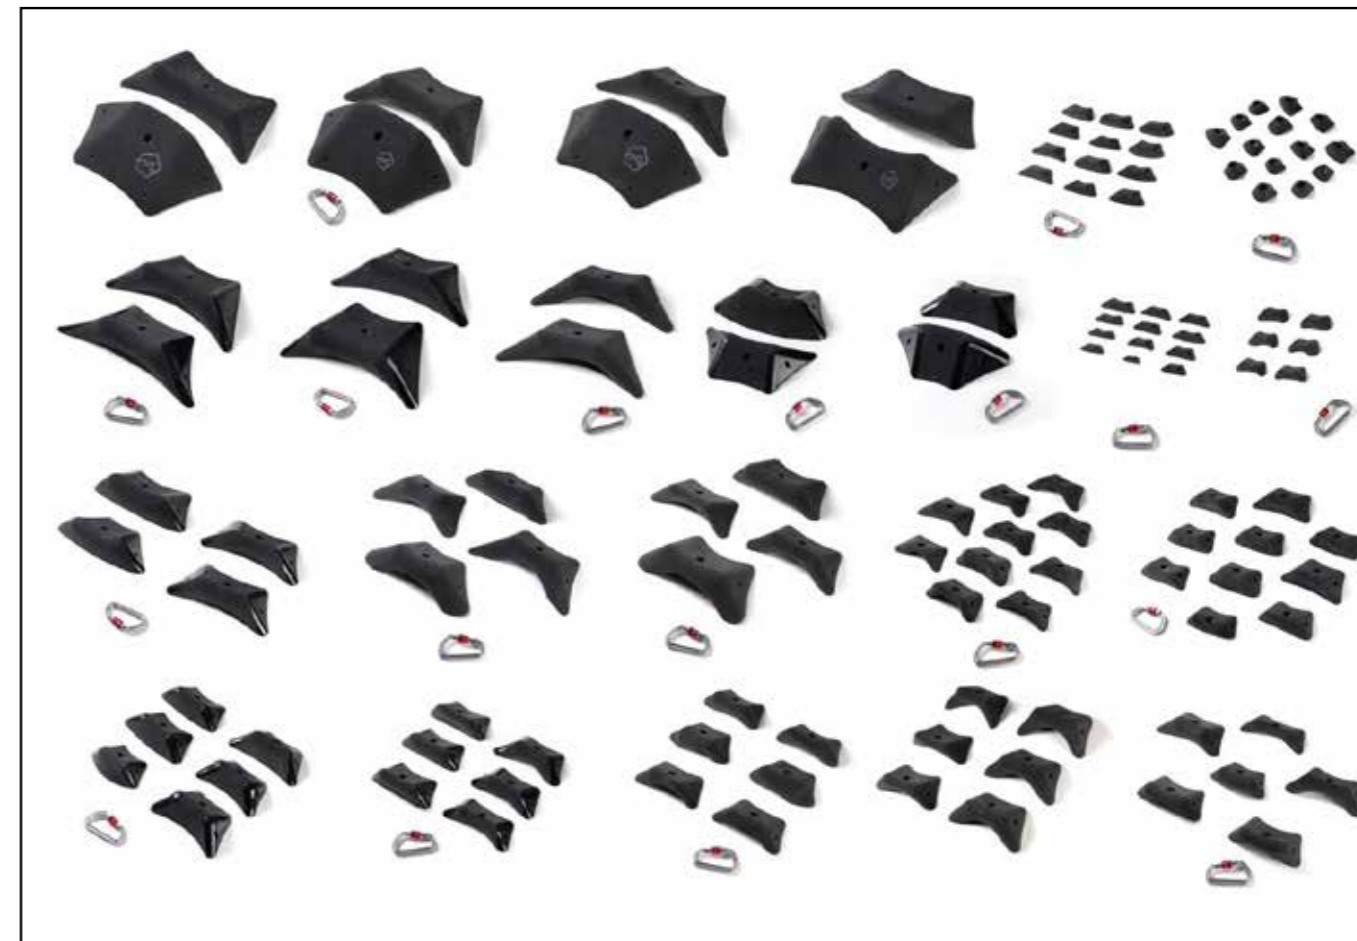

→ **FATBATS SERIES**

Now the family is complete. The **FAT BATS** are the smooth big partners of the **BAT** classics, softer and thicker and therefore the perfect bridge to the **MACRO BATS**. With their prominent smooth line, they continue to attract attention on the wall, both in the "hard" set with Dualtex, as also for entry routes in the "easy" compilation.

The big **FAT BAT** family includes gentle and easy holds for overhangs, open-hand jugs that work at almost every level of difficulty, and tough sloper and crimps for ambitious climbers and competitions. And best of all, there are countless block options again. In any case, playful route setting is guaranteed. Form and function.
